## REQUIREMENTS

To be eligible for certification you must be in the role of:

- \* **Psycho-geriatric Resource Consultant**
- \* **Public Education Coordinator**
- \* **Clinical Staff Educator**
- \* **Student Instructor**

OR

Provide supporting documents that give a brief description of your:

- Experience in dementia care
- Experience in teaching
- Current job role and ongoing relationship with the recipients of GPA training

It is also **strongly recommended** that you have attended a GPA education session prior to participating in Certified Coach Training.

### What does a certified coach do?

A certified coach is responsible for training staff, both professional and non-regulated, that care for persons with dementia in the long term care sector. **The GPA basic curriculum is to be delivered in a 7.5 hour day by two certified coaches.** The GPA-Recharged program is delivered as a 2 hour refresher. You will be required to teach at least 20 hours per year to maintain your certification. The curriculum is appropriate for all staff in long term care, complex continuing care, acute care and adult day programs and is being introduced to students studying in related health care fields. In certifying you as a GPA coach, the AGE authorizes you to teach GPA educational sessions and the GPA Refresher program to the staff within the geographical region of your workplace. Staff education should be a reasonability in your job role. You will not charge fees for providing the GPA curriculum.
